

Indiana Department of Education- Office of Learning Resources

“Managing Learning with Online Tools” 2007-2008 Seminars

This seminar is available to any teacher who wants to learn how an online course management tool—such as Moodle, Angel, or Blackboard—can be used for classroom management and to differentiate instruction, Grades 4-12. Participants will leave with a template and the resources necessary to set up a course site to use in their own school. Continuing Renewal Units (CRUs) will be available.

TIME (local time): 8:30 a.m. – 3:30 p.m.

Day 1: Exploring Online Tools

- Introduction to a free course management tool
- Review of various modules: journal, forum, chat, quiz, survey and glossary
- Using these tools as an electronic file cabinet and for presentations
- Learning tools and strategies for meeting varied student needs
- Setting up and designing a course

Day 2: In-depth Work

- Adding content/activities to your course (using the materials that you bring such as textbooks, tests, resources and websites)
- Introduction of questionnaire and choice activity modules
- In-depth understanding of selected modules: wiki, quiz, lesson
- Feedback/input on course development
